

Breakthrough Summer Ball

Guests were really in the pink as they helped raise £2,000 for Breakthrough Breast Cancer at Beales Hotel in Hatfield. The Black and Pink Ball was organised by Katie Field who came up with the idea after her mum Jean Field had a brush with cancer. The event was held in the hotel's Buckland Suite and guests enjoyed a menu prepared by head chef Mark Harris while sitting at tables decorated by Deanne Kayman from Table Dressers. Local band Undercover donated their services for the evening and got everyone dancing the night away. Raffle prizes included donations from Tesco, a 30 minute helicopter lesson from Cabair and prizes from florists Warmerdams, Jennie Mann and Inghams of Oakwood. Katie said, 'The event was an idea I had after my mum had a 'brush' with breast cancer at the end of last year. I am pleased to say it was a fabulous event, raising £2,000 on the night. Beales Hotel Hatfield did us proud, the service was wonderful and Undercover were amazing.' It was a night for other celebrations as well, Katie says, 'We also celebrated Mr and Mrs Vaughan's Golden Wedding Anniversary and Mr Murphy's 65th birthday during the evening.'
