

GUIDELINES ON THE USE OF THE TOP FIELD FOR MOTORISED ACTIVITIES

In order to preserve the surface of the field, we are obliged to ask you to observe the following points: -

1. Quad bikes only (250cc Polaris/Yamaha).
2. No pilot buggies (400cc) permitted.
3. No heavy road Honda Quad Bikes (250cc) permitted.
4. Maximum speed – 25mph.
5. Quad Bikes to be unloaded on main drive next to helipad and ridden to start of course.
6. No land rovers, other vehicles, or trailers permitted off road.
7. The land hire fee is £550 per day; lunch and refreshments must be supplied by the hotel. A private room is recommended for parties over 10.
8. The contact on the day will be the Head Gardener or his assistant; the organisers should report on arrival to the Hotel Reception from where the Gardener to be paged.
9. The field is available year round, but if organisers are flexible on dates, we would prefer the period from May to October.
10. Other sporting activities such as clay and laser shooting, archery, hovercrafts, gun dogs, falconry, human table football and sumo wrestling, etc. cause less damage to the ground and are thus acceptable at all times.
11. If using a company other than The Shooting Company, Motivaction, Eventive or Business Pursuits the organisers of the activities should meet with our gardens staff prior to the day in order to discuss exact locations, timings, etc.
