

CONFERRNCING

FIRST CHOICE

The Beales Hotel, Hatfield, must surely be the first choice for the business community. It is strategically well placed and has facilities second to none. In addition, the group has recently won the National 2008 Sustainable City Awards.

THE BEALES Hotel, Hatfield, provides a unique setting for business and conference gatherings. This highly rated four-star hotel, on the doorstep of the A1, combines contemporary design with traditional values of service.

Its design has been inspired by an exceptional collection of modern artwork. Commissioned from fine art students at Hertfordshire University unique pieces of art are displayed in all 53 bedrooms, public areas and conference rooms.

Facilities range from an intimate boardroom meeting for 12 people to a theatre-style setting for up to 300 guests. Wi-fi Internet access is available throughout the hotel allowing guests to surf the net or connect to their company network. Complimentary broadband is available in all meeting rooms and bedrooms.

Catering can be provided by the award winning Outsidein restaurant. From

lunches to launches, the hotel supports organic and free range farming and has achieved two AA rosettes for fabulous food. All ingredients are sourced as locally as possible, supporting family businesses in the area and reducing the amount of food miles the produce travels.

All bedrooms are sumptuously furnished with natural feather duvets, mounds of pillows, flat screen TVs and underfloor heating in the en suite bathrooms.

Air conditioned conference rooms and ample parking, coupled with state of the art facilities and sophisticated accommodation, all make Beales Hotel the first choice for the business community.

In addition, Beales Hotels have just become overall winners of the National 2008 Sustainable City Awards. This recognises its successful reductions in landfill waste, water use, CO2 emissions, focus on local food and for

sustaining the ethos and values of a family business for eight generations since 19769. In beating much larger, national organisations the judges were impressed by the level of Beales Hotels' commitment to tackling climate change and its tangible improvements to its environmental performance.

For further information or to make a booking please call 01707 288500 or visit www.bealeshotels.co.uk.

BRICKENDONBURY CONFERENCE CENTRE

Brickendonbury Conference Centre is set in attractive grounds in the Hertfordshire countryside, five minutes drive from the county town of Hertford.

The stunning mansion house has a blend of modern and character rooms suitable for small meetings, seminars and larger conferences. The beautiful 35-acre grounds are very popular for exclusive marquee wedding receptions.
